# City of Worcester Planning Board

## **DEFINITIVE SITE PLAN APPLICATION**

Division of Planning & Regulatory Services
City Hall, 455 Main Street, Room 404, Worcester, MA 01608

Phone: (508) 799-1400 x 31440 – Fax: (508) 799-1406 – E-mail: planning@worcesterma.gov (preferred)

1.	PROPERTY INFORMATION
a.	348 Salisbury St Worcester MA
b.	Address(es) – please list all addresses the subject property is known by MBL 21-013-00005
	Parcel ID or Map-Block-Lot (MBL) Number
c.	Worcester District Registry of Deeds, Book Page  Current Owner(s) Recorded Deed/Title Reference(s)
d.	RS-10
	Zoning District and all Zoning Overlay Districts (if any)
2.	APPLICANT INFORMATION
a.	Michael George, Wingspan Properties LLC
b.	Name(s) 1207 Main St Holden MA 01520
c.	Mailing Address(es) 774-314-0108
d.	Email and Phone Number(s) mgeorge123@gmail.com
	Interest in Property (e.g., Lessee, Purchaser, etc.)
	I certify that I am requesting the Worcester Planning Board grant the Definitive Site Plan as described below
	(Signature)
3.	OWNER OF RECORD INFORMATION (IF DIFFERENT FROM APPLICANT)
a.	
	Name(s)
b.	
	Mailing Address(es)
d.	Fmail and Phone Number

Division of Planning & Regulatory Services 455 Main St., 4<sup>th</sup> Floor, Worcester, MA 01608 Office 508-799-1400 – Fax 508-799-1406

4.	REPRESENTATIVE INFORMATION
a.

	AUTHORIZATION
Auth	norization I, Michael George , Owner of Record of the property listed with the
	essing Division of the City of Worcester, Massachusetts as Map Block Lot(s), do hereby
	norize to file this application with the Division of Planning & Regulatory
Serv	ices of the City of Worcester on this the day of, 20
On t	his 31 day of OCHOBE , 20 24, before me personally appeared and W Greozge, to me known to be the person described in and who executed the foregoing
cha	New Cheorge, to me known to be the person described in and who executed the foregoing
	ument and acknowledged that they executed the same as their free act and deed.
	A CINAL LINE OF CACCULED THE Same as their free act and deed.
	NOTARY PUBLIC  MUHAMMAD ATIF ASHRAF  Notary Public
	My Commission Expires: Sep 22, 2028, My Commission Expires
	September 22, 2028
(If the	era is more than one come of the land.

(If there is more than one owner of the land to be considered in this application, a notarized authorization is required for <u>each</u> owner.)

6.	PROVIDE THE FOLLOWING ITEMS, 1 DIGITAL COPY IN PDF FORMAT VIA EMAIL TO <a href="mailto:planning@worcesterma.gov">planning@worcesterma.gov</a> AND CONFIRM WITH STAFF BEFORE SUBMISSION OF 1 PHYSICAL COPY BY HAND DELIVERY OR MAIL:				
	$\triangleleft$	<b>Zoning Determination Form</b> obtained from the Inspectional Services Division (email <a href="mailto:inspections@worcesterma.gov">inspections@worcesterma.gov</a> or call 508 – 799 – 1198 for more information)			
	5	Completed Site Plan Application, signed by all parties involved.			
		Completed <b>Tax Certification</b> for the Applicant and Owner (if different) are attached (page 4)			
	9	If the applicant is NOT the Owner, the Owner(s) Authorization for the applicant to apply is attached (page 2)			
		A <b>Certified Abutters List(s)</b> issued within 3 months of this application's filing date which includes all properties affected and includes any contiguous, commonly owned property(s). This can be <u>obtained from the Assessor's Office</u> and includes all abutters and abutters to abutters within 300' of the edge of the land owner's property.			
	1	Note: if the property(s) is within 300 ft. of another town an abutters list from that town may be required			
	V	<b>Project Impact Statement</b> describing the proposed project and analyzing how the project and site layout were designed with consideration for and to be compatible with the review criteria in the Zoning Ordinance.			
		<b>Site Plan</b> showing the full project scope and all elements listed in Item 11 of this application, stamped and signed by all applicable professionals			
	V	<b>Architectural drawings</b> showing exterior elevation, height in feet and stories, exterior materials for all structures, and corresponding floor plans stamped and signed by all applicable professionals			
		<b>Stormwater Report</b> demonstrating compliance with Massachusetts Stormwater Standards for the project, as applicable based on project type and scope <i>(contact staff to confirm)</i>			
		Traffic Study, if necessary based on expected traffic generation (contact staff to confirm)			
7.	PRO	VIDE 1 PHYSICAL COPY OF THE FOLLOWING ITEMS:			
		One stamped (i.e. postage paid) pre-addressed envelope for <i>each</i> party on the Abutters List and the applicant (if different from the owner), with the following return address:			
		Division of Planning and Regulatory Services 455 Main Street (City Hall), Room 404 Worcester, MA 01608			
		Filing Fee of \$ is enclosed (see fee schedule or contact staff to confirm amount).			

#### 8. TAX CERTIFICATION

This certification must be completed by all applicants and owners of the property, certifying payment of all local taxes, fees, assessments, betterments, or any other municipal charges of any kind. Failure to include a completed certification shall result in the application being deemed incomplete.

If a Single Owner or Proprietorship:

a.			
	Name		
b.	Signature certifying payment of all municipal charges		
c.

### 10. PROJECT TYPE AND DESCRIPTION

a.	Existing Conditions. Describe the current/existing use of the property	
Th	is is presently an empty lot	

b. Proposed Conditions. Check the box for all of the categories that describe the proposed project:

Proposed Project Type					A
Residential	V	New Construction	1	Lodging House	Τ
Industrial/manufacturing		Rehabilitation/Renovation		Historic Property	1
Business		Expansion/Addition	П	Abuts Historic Property	
Mixed Use		Change of use		Billboard	
Subdivision		Drive-through	П	Airport Environs Overlay	
		Gas station		≥15% Slope Disturbed	V

c. Describe the proposed use of the property (attach separate narrative if needed)

Construction of a single family, 4 bedroom 3 bath home, and associated utilities such as sewer, water, electric, gas installation

d. Fill in all information relevant to the proposed project

All Projects	Existing	Change +/-	Total
Overall lot size in square feet	33,803	0	33803
Number of buildings	0	1	1
Total square footage of building(s)	0	3,016 sq/ft	3,016 sq/ft
Number of stories of building(s)	0	2	2
Number of parking spaces	0	4	4
Number of loading spaces	0	0	0
Changes to on-street parking	0	0	0
Total vehicle daily trips. Please consult staff for specific thresholds requiring review.	0	0	0
Square feet of wetlands			
Square feet of surface (open) water		0	
Square feet of area vegetated/wooded			
Number of trees over 9" in caliper	0	0	0
Cubic yards of fill material to be imported/exported	0	0	0
Square feet of property in floodplain	0	0	0
Length of roadway (in feet or miles)	0	0	0
Residential	Existing	Change +/-	Total
Number of units	0	1	1
If multi-family, number of bedrooms per unit			-
Number of accessible units			
Number of affordable units			
Business/ Industrial	Existing	Change +/-	Total
Gross square feet of floor area	0	0	0

#### 11. ZONING

f this project has already been granted Zo	oning Relief by the Zoning Board of	f Appeals, please list the relief below:
--	-------------------------------------	--

Type of Relief	Date Approved
n/a	***

## 12. PERMITS REQUIRED

List any **Federal, State, or City of Worcester** agencies from which permits or other actions have been or will be sought. Please continue list on an attached sheet if needed.

Agency Name	Permit Type	Date Filed	File Number
Conservation Commission	Wetland Order of Conditions	5/24/23 Filed, 7/11/23 Issued	349-1364

## 13. PLAN REQUIREMENTS

The following information is required of all applications submitted for Site Plan Review. If you are not providing one of these, please check "waiver requested" next to the item.

	Feature	Waiver Requested	Location in Set (Sheet/ page #)
a.	Site Plan at a minimum 1" = 40'-0" scale, legend, & properly oriented north arrow		C1
b.	Locus plan with zoning information shown		C1
c.	Existing utilities		C1
d.	Existing and proposed grading using differing linetypes, showing 2' contours		C1
e.	Soil types identified on the plan (including test-pit/boring locations)	V	
f.	Location of all trees over 9" caliper inches on existing conditions plan		Lot is Cleared
g.	Architectural elevations or renderings (including exterior materials)		A1
h.	Landscape plan including plantings, and details for all landscape elements		C1
i.	Shade trees to reduce heat island effect. (1 tree required per dwelling unit and a minimum of 1 tree required for every 10 interior parking spaces, 3.5" caliper size)		C1
j.	Stormwater mitigation measures for the 2, 10, 25, & 100-year design storm. Provide a stamped Stormwater Checklist & Calculations. <i>All projects shall comply with Massachusetts Stormwater Standards, as applicable to project scale.</i>		C1
k.	For multi-family residential dwellings in B zones, 10% of site area has been provided for recreation. <i>Note: See Article IV. Section 2. Table 4.2 footnote 3</i>		N/A

#### 14. REVIEW STANDARDS

The following standards shall be used by the Planning Board in reviewing all applications for site plan review. These standards are intended to provide a frame of reference for the applicant in development of applications. These standards shall not be regarded as inflexible requirements. They are not intended to discourage creativity, invention or innovation. Applicants are encouraged to evaluate the extent to which the site plan, its immediate and general locus and the City more generally can tolerate the development being proposed and adjust their proposals accordingly.

Applicants should additionally <u>provide a narrative "project impact statement"</u> summarizing how the proposed project has been designed with the following criteria in mind by evaluating their proposal on the basis of the following 16 review standards, as outlined in the Zoning Ordinance per Article V, Section 5, B.

Provide the following information about the proposed project in relation to the review standards. If you are not providing one of these features please check "none" next to the item.

1. Adequacy and arrangement of pedestrian traffic access and circulation, walkway structures, control of intersections with vehicular traffic and overall pedestrian convenience.

Feature	None	Page/sheet#
Pedestrian pathways internal to the site, with dimensions of path widths	V	
Pedestrian pathways connecting to sidewalks or nearby amenities	V	
Doors/egress to all existing and proposed buildings	V	
Pedestrian paving and surface treatment details	V	
Safe, ADA accessible pedestrian crossings at driveways and intersections	V	

Adequacy and arrangement of vehicular traffic access and circulation including intersections, road widths, pavement surfaces, dividers and traffic controls.

Feature	None	Page/ sheet #
Driveway layout & materials		C1
Dimensions of all drives and curb cut widths, minimizing the number and width of curb-cuts (see Note 5 to Table 4.4)		C1
Access control and directional signage (e.g. gates, pavement markings, etc.))	V	
Pavement and curb details, including level sidewalks at driveways		C1
Permeable or porous paving, and/ or cool pavements/ treatments		C1

3. Location, arrangement, appearance and sufficiency of off-street parking and loading.

Feature	None	Page/ sheet #
Number of parking spaces provided (9 x 18)	П	C1
Number of compact parking spaces (8 x16)		C1
ADA parking spaces	V	
Parking aisle width (24 feet for 90° parking; see policy for angled spaces)	V	
Parking is outside front & exterior side yard/setback (except residential drives)	V	
Loading spaces or docks (see Table 4.5 and related notes)	V	
Screen planting between parking and edge of property or pedestrian paths	V	
Number of electric vehicle charging stations or "ready" (conduit run) spaces	V	
Bicycle parking (is it covered, or provided inside the building? Circle: YES NO)	V	

C.	Green roof, blue roof, rooftop solar, or use of high-albedo roof treatments	V	
d		V	
e	Parking and circulation directional signage	V	
f.	Signage facing the street	V	
Ad	equacy of stormwater and drainage facilities.		-
	Feature	None	Page/ sheet #
a.	protection areas	П	C1
b.	Bioswale or other open stormwater infiltration area planted with native vegetation (rain garden, etc.)	П	C1
C.	Infiltration of clean runoff to maintain groundwater supply		C1
d.	Overflow or other connection to City stormwater infrastructure***		C1
Add	***Contact DWP&P to determine any applicable sewer connection or use change equacy of water supply and sewerage disposal facilities.

14. Adequacy and impact on the regional transportation system.

	Feature	None	Page/ sheet #
a.	Bus service within ¼ mile (indicate number of stops and route numbers)	V	
b.	Improvements to neighborhood walk/bike-ability or public transportation	V	

15. Adequacy of plans and protective measures to ensure minimal risk of contamination to surface or ground water.

Feature	None	Page/sheet#
Snow storage locations (outside of basins and required parking/landscape buffer)	V	
Water quality structures to remove total suspended solids (TSS) from runoff	V	
Water quality structures to remove pollutants from runoff (i.e. oil/ water separators, etc.)	V	
Plan for mitigation of any contaminated soils (include RTN, RAM Plan, AUL)	V	
Locations of material to cut or filled (including the location of the source material if fill)	V	
Dewatering plans	V	

16. Conformance of the site design with the purposes and intent of the Worcester Zoning Ordinance.

Feature	None	Page/sheet#
Minimum yard setbacks (for front, side, and rear)		C1
Property and right-of-way boundary lines (include the status of ways)		C1
Easements for any utilities, public access, or adjacent properties		C1
Regularity factor for all lots		C1
% paving within the front-yard for residential uses		C1
Height of all structures in feet and stories		A1
