

Fiscal Year 2025

**Capital Budget** 

Eric D. Batista, City Manager

## **Budget Message**

This comprehensive, five-year Capital Improvement Plan for Fiscal Years 2025-2029 takes into account the collective priorities of our community, City Council, and my administration following the vision of the City Strategic Plan. As we continue to implement a long-term strategy, we also consider the need for flexibility during a time of rising capital borrowing costs.

Many of the capital projects proposed in this Capital Improvement Plan will have a positive impact during Fiscal 2025, whereas some are multi-year programs that will yield results in the coming years. In the table below, projects with prior year loan authorization depict ongoing facility and infrastructure programs for which City Council has previously approved loan orders. Projects with new authorization in Fiscal 2025 represent new projects and/or ongoing projects that require increased loan authority.

| Funding Source     | Remaining Prior Year<br>Authorization | FY25 New<br>Authorization | FY25 Borrowing | Other Funding<br>(Grants, etc.) |
|--------------------|---------------------------------------|---------------------------|----------------|---------------------------------|
| Tax Levy           | \$ 38,273,858                         | \$ 46,371,444             | \$ 41,755,302  | \$ 32,573,981                   |
| ESCo               | -                                     | 1,200,000                 | 1,200,000      | -                               |
| Golf Enterprise    | 150,000                               | -                         | 75,000         | -                               |
| Off Street Parking | 2,950,000                             | 150,000                   | 1,200,000      | -                               |
| Water Enterprise   | 3,700,000                             | 18,070,000                | 19,655,000     | -                               |
| Sewer Enterprise   | 15,296,000                            | 20,430,000                | 21,266,000     | 4,500,000                       |
| DCU                | 9,606,708                             | -                         | 9,606,708      | -                               |
| WPS - MSBA         | 41,250,000                            | -                         | 41,250,000     | 28,000,000                      |
| Grand Total        | \$ 111,226,566                        | \$ 86,221,444             | \$ 136,008,010 | \$ 65,073,981                   |

In total, this Fiscal 2025 CIP recommends a total annual borrowing of \$136M, \$41.25M or 30% of which is related to Worcester Public Schools – Massachusetts School Building Authority (MSBA) projects. The Fiscal 2025 CIP also includes a total tax levy capital borrowing of \$41.75M, approximately \$3.9M below Fiscal 2024 recommendations; enterprise and self-funded borrowing of \$51.8M, and \$65M in potential grant funding to be invested in the City. I am recommending \$86.2M in new loan authorization for Fiscal 2025 to be approved by City Council. These recommendations include mission critical equipment like new public safety vehicles in Police, and Fire; investments in cloud data transfers and backups through the Department of Innovation & Technology; investments in core assets like our public schools, police headquarters, fire stations, and City Hall; the design of safer, more inclusive streets through the Department of Transportation and Mobility, as well as the maintenance of our streets and parks through the Department of Public Works. Additionally, we are recommending key investments in our Water, Sewer, and Off-Street Parking enterprise accounts.

# Fiscal 2025 CAPITAL IMPROVEMENT PLAN

## Allocation by Category and Funding Source

| Category                        | 25 Tax Levy<br>Borrowing | FY25 Self<br>porting Debt | her Funding<br>Grants, etc.) | FY | 25 Total Project<br>Investment |
|---------------------------------|--------------------------|---------------------------|------------------------------|----|--------------------------------|
| Equipment                       | \$<br>8,015,302          | \$<br>4,206,708           | \$<br>-                      | \$ | 12,222,010                     |
| WPS Equipment                   | 500,000                  | -                         | -                            |    | 500,000                        |
| Facility Improvements           | 8,965,000                | 11,280,000                | 200,000                      |    | 20,445,000                     |
| WPS Facility Improvement        | 3,500,000                | -                         | 11,000,000                   |    | 14,500,000                     |
| WPS - MSBA Facility Improvement | 41,250,000               | -                         | 28,000,000                   |    | 69,250,000                     |
| Infrastructure                  | 20,775,000               | 36,316,000                | 25,873,981                   |    | 82,964,981                     |
| ESCo Infrastructure             | 1,200,000                | -                         | -                            |    | 1,200,000                      |
| Grand Total                     | \$<br>84,205,302         | \$<br>51,802,708          | \$<br>65,073,981             | \$ | 201,081,991                    |

## Equipment

For Fiscal 2025, I am recommending a total investment of \$12.7M in new equipment borrowing, of which \$8.5M is tax levy supported. Notable purchases include \$3.9M in public safety radio systems, \$745K in Police Cruisers, and \$1.2M in cloud transition related costs.

Other major equipment purchases include:

- \$1.6M in Fire Prevention vehicles
- \$1M in DCU related equipment
- \$750K in both DPW and Parks equipment
- \$2.9M total between Water and Sewer equipment

## **Facility Improvement**

I am recommending an investment of \$104.2M in facility improvements, \$53.7M of which is tax levy supported. The major contributor to this category is MSBA-related projects totaling \$41.25M in anticipated Fiscal 2025 borrowing. Projects include the construction of Doherty Memorial High School, as well as ongoing roof, ADA, and code compliance upgrades at Worcester Arts Magnet Elementary School.

Other facility improvement projects include:

- \$3.5M for non-MSBA school rehabilitation
- \$1.65M for City Hall related improvements
- \$1.2M for Police headquarters HVAC replacement and electrical improvements
- \$920K for the South Division Firehouse replacement project design and other station work
- \$8.6M for DCU renovations
- \$1.6M for Union Station as a match to Federal Transit Authority funding
- \$500K each for both DPW and Parks building projects
- \$1M for the roof of the Worcester Memorial Auditorium
- \$2.7M in total Water & Sewer investments

## Infrastructure

Of the \$84.2M recommended in infrastructure upgrades, we recommend \$11M in borrowing for resurfacing be allocated to the Department of Public Works, \$1M be allocated to the Department of Transportation for street design and traffic signals, and \$1.2M to Sustainability and Resilience for an audit of our municipal buildings' energy efficiency.

Other infrastructure projects include:

- \$7.3M for various park improvement efforts
- \$19.3M for various sewer infrastructure projects including interceptor rehabilitation and reconstruction projects
- \$15.75M for various water projects including improvements to water mains, as well as repairs and replacement of water meters

## **WPS Equipment and Facility Improvement**

I am recommending a total of \$15M for various equipment purchases and facility repairs at our Worcester Public Schools. This includes \$4.5M for general building rehabilitation, \$1M of which will come from Community Development Block Grant funds and the remainder from Tax Levy; \$10M of ARPA funding for ADA and code compliance projects, and \$500K in capital equipment funding. In addition, as referenced above, I am recommending approximately \$69.25M, including State contributions, for Massachusetts School Building Authority-related projects, primarily to continue the construction of Doherty Memorial High School and complete roof, ADA, and code compliance upgrades at Worcester Arts Magnet Elementary School.

## **Budget Process**

Putting fiscal responsibility first and foremost, the Budget Office developed an analytical budget process ensuring all capital requests are assessed and prioritized to formulate a sound, long-term Capital Improvement Plan. As we evaluate the City's short- and long-term capital needs, our current resources and expectations, and the potential of grant funds, we believe the current proposed Fiscal 2025 Capital Improvement Plan represents a solid investment in the City and will assist in maintaining our capacity to respond to present conditions while setting a foundation for continued growth and expansion.

## Capital & Debt Policy

- The City will maintain a multi-year approach for the Capital Improvement Plan
- A capital asset is defined as an asset that has a useful life of one year or more
- Any capital asset to be financed shall have a minimal unit cost of \$5,000, and a useful life of five years or more
- Capital assets with a unit cost of less than \$5,000 and/or a useful life of less than 5 years are to be purchased with cash thru the Operating Budget in the Capital Outlay account
- The City will obtain financing only when necessary
- Debt financing will not be considered appropriate for recurring costs such as operating and maintenance expenditures
- The City will utilize external bond counsel for all debt issues

# Fiscal 2025 CAPITAL IMPROVEMENT PLAN

- Continual review of all outstanding debts will be undertaken to determine refunding opportunities
- Refunding will be considered if and when there is an economic benefit of the refunding
- The City will seek to amortize general obligation bonds with level principal and interest costs over the life of the issue
- The City will seek to issue its general bond obligations in a competitive sale unless determined that such a sale method will not produce the best results for the City.

## **Five Year Debt Service Projection**

The following table illustrates the current debt service obligations of the City of Worcester before any of the borrowing included in the Fiscal 2025 Capital Improvement Plan. This table shows the amount of debt retired each year as well as a breakdown of the debt obligations by funding source.

| Funding Source              | FY25 Total Debt | FY26 Total Debt | FY27 Total Debt | FY28 Total Debt | FY29 Total Debt |
|-----------------------------|-----------------|-----------------|-----------------|-----------------|-----------------|
| Tax Levy                    | \$45,721,035    | \$40,591,494    | \$36,832,669    | \$33,801,662    | \$29,981,428    |
| Water                       | 7,623,870       | 7,254,498       | 6,470,965       | 5,979,830       | 5,257,828       |
| Sewer                       | 12,429,910      | 11,602,601      | 10,906,531      | 10,100,735      | 9,744,360       |
| Building Campaign           | 2,595,780       | 748,931         | 224,400         | -               | -               |
| North High School           | 1,156,476       | 1,134,737       | 1,117,124       | 980,391         | 971,429         |
| New High School             | 13,523,578      | 15,579,768      | 13,603,918      | 13,188,358      | 12,795,938      |
| Off Street Parking          | 2,312,511       | 2,191,315       | 2,097,956       | 1,898,954       | 1,778,341       |

Traffic and Signal Engineering - Replacement and reprogramming of the city's traffic and pedestrian signal system.

Annual Street Improvement Program - Development and design of street improvements to be incorporated into street reconstruction and resurfacing projects to ensure that reconstructed streets comply with Federal and State design requirements and incorporate accessibility, safety and complete streets improvements consistent with the city's Complete Streets policy and industry best practices.

Complete Streets Improvements - Design costs related to the city's Vision Zero efforts, dedicated to redesigning our street network in order to eliminate fatalities and serious injuries related to automobile collisions, with an emphasis on protecting pedestrians, cyclists, and other micro-mobility users.

Transportation Improvement Program - Project identification, development and design as it relates to improving the city's transportation network.

Speed Bumps - Funding for temporary speed bumps throughout the city.

Budget Office Division

Eric D. Batista City Manager

### FY25 CAPITAL BUDGET

| Sewer Reconstruction - Design and reconstruction of the city's sewer system.   |
|--|
| Sewer Control Plan - Costs related to the implementation of the sewer control plan.  |
| Sewer Interceptor Rehab - Continued improvements to sewer interceptors.  |
| Sewer Pump Stations - Ongoing projects at various sewage pumping stations.   |
| Sewer Surface Drain - Design and construction related to surface level sewer drains.   |
| Sewer Equipment - Various equipment purchases necessary for Sewer Department related operations.   |
| Storage Shelters at Upper Blackstone - Replacement of damaged covers for the Upper Blackstone storage shelters.                                      |
| Sewer Building Rehab - Design, construction, and repairs associated with the main building for the Sewer Department.                                 |
| Sewer Green Island Flooding - Review and implementation of strategies to reduce flooding in the Green Island neighborhood.                           |
| Sewer Generators - Continuing investment in generator repair and replacement in sewer pump stations.   |
| Flow Metering Program - Review and installation of flow meters, groundwater gauges, and rainfall gauges; as well as data analysis/reporting efforts. |
